BOXING.

The officials of the Metropolitan club were cast down last night at a tele-Pittsburgh Dispatch, requesting a postponement of the McClelland-Gardner ontest for two weeks longer than the date selected, March 22. The excuse given for this request was that McCielland had injured his arm in his thirty-five-round draw Friday morning, with "Yock" Henniger. The request cast a spell of gloom over all local patrons of the ring, and the consensus of opinof the ring, and the consensus of opinion was to the effect that it was an attempt on the part of the Pittsburghers to do the crawfish act. The "Mets" will inform McClelland', a backers to-night whether they consent to the postponement. It is likely they will say nay, and in that event receive the \$50 forfeit deposited by McClelland, but this sum will only be a drop in the bucket of expense incurred in advertising, and other matters already disposed of preparatory to the contest.

It is apropos to the matter to refer to the fact that Eddle Gardner defeated "Yock" Henniger in ten rounds, while Jack McClelland made a poor showing in his thirty-five rounds with Henniger. This fact has doubtless chilled the Pittsburghers' confidence in their man, and their request for postponement is only a ruse to drop the match stogether. Shortly after the match was made, the Smoky City brethren wrote here asking about the referee to be selected, and were promptly told that Gavin was the club's referce; but should the Pittsburghers be willing to pay the expenses of one man—George Siler—the club would consent. Otherwise, Gavin would be the man. Then, the forfeit of 150 came. A few days afterward McClelland failed to best Henniger, and thereby hangs the tale. It is hoped, however, that the contest as originally agreed on, may come to pass.

PITTSBURGH BENCH SHOW.

PITTSBURGH BENCH SHOW.

The Western Pennsylvania Kennel Club will hold a Bench Show in Old city hal, Pittsburgh, April 6, 7, 8 and 9. Liberal subscriptions to the capital stock of the club have assured the success of the enterprise. Application has been made for the sanction of the American Kennel Club for the event, and lavorable action will probably be taken at the special meeting of the di-rectors to-day. Many entries have al-ready been received. The committee is anxious to have a good showing from Western Pennsylvania, Ohlo and West Virginia. Entry blanks can be had by ble action will probably be

The American working man while he work working man while he work works harder that the working mat to do any other, and the work of any other of the worker of any other of the work of the worker of any other of the worker of any other of the worker of any other of the worker of any other of the work of the working man is proper to distinct the working man of European coantries. Moreover, like all Americans, the American working man is prone to disregard his health and frequently even takes pride in abusing it. It rests with American wives to protect their husbands in this respect. A little watchfulness on the part of the wife will frequently save her husband from a fong spell of ill-health and possibly from some fatal illness. When a man feels "out of sorts" it is because his digestion is disordered or his liver is torpid. Dr. Pierce's Golden Medical Discovery will promptly correct these disorders. It is the great blood-maker and fiesh-builder. It restores the appetite, makes digestion perfect and the liver active. It purifies the blood and disease of the throat and mass davities. Thousands have told the story of its wonderful merits in letters to Dr. Pierce, it may be had at any medicine dealer's.

**The Month of the work of the work

Your 'Golden Medical Discovery' cured me of a severe case of poisoning of the blood," writes Mrs. Selia Ricca, of Coast, Santa Cruz Co., Cal. "That was two years ago, and I have not had a boil or sore of any kind since."

It is as easy to be well as ill—and much more comfortable. Constipation is the cause of many forms of illness. Dr. Pierce's Pleasant Pellets cure constipation. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, two a mild cathartic. Dealers in medicines sell them.

The Dipper Drodder?

There are cough medicines that are taken as freely as a drink of water from a dipper. They are cheap medicines. Quantity does not make up for quality. It's the quality that cures. There's one medicine that's dropped, not dipped-Ayer's Cherry Pectoral. There's more power in drops of this remedy than in dippersful of cheap cough syrups and elixirs. It cures Bronchitis, Asthma, Croup, Whooping Cough, and all Colds, Coughs, and affections of the Throat and Lungs.

THE INTER-STATE MEETING.

To-day, at Springfield, the schedule meeting of the Inter-state base ball league takes place, and incidentally the final disposition of Wheeling will come up. It is not believed that the league is now in a position to compel Torreyson to come back to Wheeling, but the magnates are now acquainted with the kind of man they are dealing with, which is no doubt their substantial gain.

TO BOX AT MURPHY'S.

This afternoon at 2 o'clock, at Murphy's cafe in Bridgeport, conducted by Matchmaker "Jack" Murphy, of the Bridgeport Athletic Club, Joe Bruner, of Cincinnati, and Pete Goiner, of Indianapolis, will spar four rounds, and there will be another four round bout between the two sons of Leslie Pierce, who tip the scales at thirty pounds each. These midgets are said to put up an exhibition that is both scientific and amusing. No admission will be charged the public.
